# PROGRAMMES YOUR CHILDREN WILL LOVE !

So

## **Solid Oak English**

**Primary 1 & 2 (2020), 4-Day Programme**

Our Solid Oak English Year-End Programme gives students the foundation to achieve proficiency in the English language. With a strong emphasis on grammar, spelling, vocabulary building and oral skills, your child will be on her way to better English!

Ws

## **Writing Stars\***

**Primary 3 to 6 (2020), 4-Day Programme**

An A\* essay requires more than just good vocabulary and wonderful sounding phrases. Our Writing Stars Year-End Programme will teach writers how to plot their story to echo the theme clearly. They will master the techniques to elicit powerful and impactful impressions on the reader. Your child will write with flair!

Wr

## **Write Right**

**Secondary 1 to 4 (2020), 4-Day Programme**

The Write Right programme is a writing course that blends current affairs with writing. In this programme, students will build upon their general knowledge with our carefully chosen articles and journals. Using these as a stimulus, students will learn the skills and techniques necessary to write a masterful essay.

Aa

## **Art Attack**

**Primary 4 to 6 (2020), 3-Day Programme**

All work and no play makes a dull child! The examinations are over, give your child a chance to unwind and de-stress. Art Attack covers not only the techniques of painting, but also includes oral and writing skills where children need to conceptualise what they want to draw and explain what they have drawn.

Cs

## **Concept Science**

**Primary 3 to 6 (2020), 4-Day Programme**

Your child will be on a strong footing for her Science after she goes through our 4-day Concept Science programme. Each day is a combination of interactivity, experiments and discussions to ensure that your children go back in the new year looking forward to learning Science.

Mw

## **Math Whiz**

**Primary 3 to 6 (2020), 4-Day Programme**

Our 4-day Math Whiz programme is designed so that your child can get ahead of the curve. We will run them through key concepts that they were exposed to this year and expand on them so that they start learning next year's work. After this class, they will return to school as confident math learners!
